TO THE CHAIRMAN AND MEMBERS  
OF THE  
SKELTON & BROTTON URBAN DISTRICT COUNCIL

---

Mr. Chairman and Gentlemen,

I beg to submit my Annual Report for the year 1963, the contents of which are in accordance with the regulations of the Ministry of Health.

During the year measles accounted for the great majority of the infectious diseases notified in the Urban District.

The table of classification of the causes of death shows diseases of the heart and circulation once again to be the main cause with cancer taking second place.

I would like to record my thanks to the Chairman and members of the Health Committee for their encouragement throughout the year.

To the Heads of Departments I am again obliged for their co-operation at all times. To Mr. J. H. Rhodes, whose report follows mine, I owe an especial debt for his unstinted help in all matters concerning the health of the District.

Finally, I wish to thank the two clerical officers, Mr. R. K. Nuttall and Miss D. E. Fox, who, working in the Area Health Office, have contributed materially to the smooth conduct of affairs.

I am, Gentlemen,

Your obedient servant,

T. M. B. ROHAN,

Medical Officer of Health.

September, 1964.

## Statistics of the Area

### Population

The Registrar-General's estimate of the population of the district in the mid-year 1963 is 13,290 as compared to an estimate of the population in the mid-year 1962 of 13,270.

### General Statistics

I am indebted to the Financial Officer of the Council for the following figures:—

1. Area of the District in acres	....	....	15,419
2. No. of inhabited houses according to the rate books	....	....	4,320
3. Rateable Value	....	....	£239,497
4. Sum represented by a penny rate	....	....	£364

### **The General Provision of Health Services in the District**

#### **1. Laboratory Facilities**

This work is now done at the Public Health Laboratory, Middlesbrough, only the biological test for tuberculous milk being carried out at the Public Health Laboratory, Northallerton.

## **2. National Health Service Act, 1946**

With certain exceptions the Guisborough Area Health Sub-Committee of the Health Committee of the County Council exercises the functions of the Local Health Authority in supervising the day to day administration of the services provided under this Act. The Committee met every two months. It is composed of members of the County Council, of the three District Councils of Guisborough, Skelton and Brotton, and Loftus, and of certain co-opted members. Among the services administered are the following:—

Domestic Help Service	Home Nursing
Prevention of illness: Care and After Care	Health Visiting
Ambulance Service	Midwifery
Vaccination and Immunization	Care of Mothers and Young Children.

## **3. Prevention of Illness—Care and After-Care**

The work previously carried out under this heading by the Voluntary Care Committee is now being undertaken by the Guisborough Area Health Sub-Committee. Enquiries and requests for assistance may be made to the Medical Officer of Health, District Health Office, Park Lane, Guisborough. (Telephone: Guisborough 2521).

## **4. National Assistance Acts, 1948 and 1951 — Section 47.**

No procedure has been taken during the year.

# SKELTON & BROTTON URBAN DISTRICT COUNCIL

HEALTH DEPARTMENT,

COUNCIL OFFICES,

SKELTON-IN-CLEVELAND.

*To the Chairman and Members of  
Skelton & Broton Urban District Council.*

Mr. Chairman and Gentlemen,

I have pleasure in presenting my sixth Annual Report to the Council for the year 1963.

Further progress was made with slum clearance during the year. A total of 39 houses were demolished. A report on the future of Lingdale houses was prepared—details are set out in the following pages.

There was a further increase in meat inspection work during the year. Occupiers of slaughterhouses are now charged for this work.

I wish to express my thanks to the Chairman and Members of the Council for their encouragement during the year, and to my assistant, Mr. R. M. Chalmers, to my clerk and to all my colleagues for their help and co-operation.

Certain information in the report relating to Council housing, sewerage and improvement grants has been kindly provided by your Clerk and Surveyor.

Your obedient servant,

J. H. RHODES,

Public Health Inspector.

## SANITARY CIRCUMSTANCES OF THE DISTRICT

A summary of visits made is tabulated below:—

**TABLE 6**

Daily routine work on meat inspection again showed an increase. This work has more than doubled over the last three years.

### WATER SUPPLY

With the exception of some outlying farms and cottages water is supplied by the Tees Valley and Cleveland Water Board. Table 7 summarises the position as follows:

**TABLE 7**

Number of houses having mains supply in pipes inside	4331
Number of houses supplied by standpipes ....	—
Number of houses supplied by wells and springs ....	20

Eleven samples of water were taken during the year and submitted for bacteriological examination. Details are given in Table 8.

North Skelton	1	1	—
Skelton	2	2	—
Skelton Green	2	2	—

New mains were laid for new housing development in Coach Road, Brotton, Marske Lane, Skelton, and Waveney Road, Skelton.

## SEWERAGE AND DRAINAGE

With the exception of outlying houses and farms and the village of Moorsholm, the district is served by public sewers discharging to the sea. Sewage disposal works owned by the Council receive the sewage from the village of Moorsholm. These works are inadequate and a scheme to provide a new sewage disposal works is under active consideration.

Sewers laid during 1963 were:—

New sewers laid	....	....	6 in. — 96 yards.
-----------------	------	------	-------------------

## CLOSET CONVERSIONS

Many outlying farms and cottages are still served by pan closets but the Council has no power to require their conversion where public sewers are not available.

## REFUSE COLLECTION AND DISPOSAL

A weekly collection of house and trade refuse is maintained throughout the district.

Refuse disposal was by controlled tipping at the Brotton Tip throughout the year.

The time lost during the year in sickness amounted to 640 man/hours. For the financial year ended 31st March, 1964, the cost of the service was estimated at £8,090. Other details relating to this service were:—

Total mileage of vehicles	....	....	16,058
Loads of refuse collected and tipped	....	....	2,971
Approximate weight of refuse	....	....	5,942
Trade refuse collected—Loads	....	....	17

## HOUSING

Thirty-nine houses were demolished during the year.

A survey was made of Lingdale houses. Most of them were built between 70 and over 100 years ago. In many cases the fabric is poor, there is evidence of serious rising dampness and the accommodation and layout are such that substantial repairs are not worthwhile. So as to provide a guide to the Council when considering future policy we reported on the estimated life of all existing houses in the village as follows:—

Houses with estimated life of over	25 years	....	....	200
„	15-20 years	....	....	90
„	10-15 years	....	....	192

## FOOD

### General

There are 152 food premises in the area, and 85 of these are registered under the Food and Drugs Act, 1955. The premises may be classified as follows:—

Public Houses	....	....	20
Off-Licence Premises	....	....	7
Clubs (5 Workingmen's Clubs, 1 British Legion, 4 Institutes)	....	....	10

26 visits were made to various food premises.

### Milk

The Council is responsible for milk registrations as shown in Table 14, and for retail milk sampling.

**TABLE 14**

#### Milk Registrations

Number of Milk Distributors registered	12
Number of Dairy Premises registered	8

Samples of "Pasteurised" milks taken during the year were found to be satisfactory.

## MEAT AND OTHER FOODS

There are now four private slaughterhouses which are licensed by the Council. Two slaughterhouses are being used for the slaughter of animals for sale outside the area in addition to local trade.

The number of animals slaughtered in the area showed another increase—13,396 as compared with 12,975 in 1962 and 9,345 in 1961. One thousand six hundred and forty-five visits were made for meat inspection purposes including regular Sunday and evening visits. In addition, twenty-eight visits were made to slaughterhouses outside the area under arrangements with Saltburn and Marske U.D.C. and Loftus U.D.C.

Charges are now made for meat inspection work. The income to the Council is now running at the rate of around £500 a year.

There are 14 licensed slaughtermen in the district.

All samples taken were reported to be genuine and no proceedings were instituted.

## CLEAN AIR

No complaint of smoke nuisance was received during the year.

## RODENT CONTROL

The Rodent Operator appointed jointly by Loftus U.D.C. and Skelton and Brotton U.D.C. has continued his duties in the two areas, and the arrangement has worked satisfactorily. The Council's sewers were treated three times and only light infestations were found in a few areas. The Council's tips were kept under constant supervision and minor infestations dealt with on several occasions.

"Warfarin" has been used to treat all the infestations during 1963. This poison gives very good results and the technique recommended by the Ministry of Agriculture, Fisheries and Food is followed.

Details of work done are set out below.

### **DISINFESTATIONS**

One infestation was dealt with during the year.

### **CARAVAN SITES**

There are ten licensed sites in the area, although six of these relate to individual caravans.

117 visits were made to sites during the year.

### **KNACKER'S YARD**

The Knacker's Yard at Charltons was again licensed and periodical visits were made.
